

CMC PROSWIVEL™ PULLEYS

The CMC ProSwivel Pulleys combine a swivel and pulley into one tool with a unique sideplate that opens while the pulley is still attached to the anchor. Teaming up with Rock Exotica, CMC now offers more swivel pulleys certified to NFPA standards. Our renamed and expanded ProSwivel™ line includes eight pulleys to choose from so you can pick the best CMC ProSwivel Pulley for the job.

Features & Benefits

- New models certified to NFPA standards including a more efficient 2" option
- Patented, USA Made, time-tested, and proven as the original swivel pulleys
- Combined swivel & pulley reduces system length, allowing more travel
- Rotating swivel aligns rope and can be secured using rope, web, or carabiners
- Pivoting sideplate allows rope loading without disconnecting from anchor
- Double-action detent button prevents accidental opening of the sideplate
- Sheave is mounted on sealed ball bearings for maximum efficiency
- Ergonomic design allows anchoring and loading with one hand
- Prusik minding options facilitate progress capture
- Compatible with rope up to 13 mm (1/2 in)
- Ideal for rescue, work at height, and tree care
