PACIFIC F18

The F18 traditional style structural fire helmet combines the latest interior designs from Pacific Helmets. It comes with a 2 point chinstrap, a fiberglass reinforced composite shell and a brass 3D carved eagle front holder.

PACIFIC F15

The F15 jet style fire helmet combines Pacific's unique DuPont™ Kevlar and Fiberglass reinforced composite shell technology with an advanced polymer chassis to revolutionize your firefighting experience.

PACIFIC F6

The F6 modern style fire helmet can be fitted with a One Touch Eye Protector™ (OTEP) and/or an external face shield. Additionally it comes with a 2 point chinstrap, a fiberglass reinforced composite shell and an optional on-off base for mounting a torch.

PACIFIC R5SL

The R5SL lightweight multi-purpose helmet offers a slightly longer cap style shell which enables it to fit a wider range of head sizes.
