

UNITED SAFETY
& SURVIVABILITY CORPORATION™

ACTIVE AIR PURIFICATION

Eliminates >99% of germs, microbes, viruses, bacteria and VOC in air and on surfaces

CREATE A SAFER CLEAN CAB ENVIRONMENT

WITH UNITED SAFETY'S PHI CELL® TECHNOLOGY BY RGF

- United Safety is a registered EPA establishment (99626-PA-1)
- Actively eliminates viral and bacterial pathogens including SARS-CoV-2 which causes COVID-19
- Millions in service today with proven track record
- Utilizes safe levels of naturally occurring hydrogen peroxide (H₂O₂)
- Increases air quality and safety for occupants, eliminates common odors and mold/mildew
- Causes no damage to interior surfaces or electronics
- Non-Corrosive
- No UV exposure
- Only requires annual maintenance and little to no driver interaction
- CAPS Commuter paired with Aegis® Surface Protectant and ValorTechXD seating material provides a Clean Cab environment to better protect emergency responders
